HWMR—A Timely Word concerning the World Situation and the Lord's Recovery The Universal History according to God's Economy — the Divine History within the Human History, Week 3

Scripture Reading: Joel 1:4; 2:28-32; 3:11-21; Eph. 3:16-21; 4:15-16; Rev. 19:7-9; 22:17a

As we realize that there's a divine history within the human history, we need to consider whether we live only in the human history or also in the divine history. The divine history **within** human history – the history of God **in** man – started with the Lord Jesus, the incarnated God-man. When God became man, God started to have a history not only with man or among man but in man. **Do we only live in the human history or also in the divine history?** We were all born in the human history, but as believers in Christ we have been **reborn, regenerated, in the divine history** (John 3:6), the kingdom of God within humanity.

However, if our living is in the world, we are merely living in the outward, human history. May we not be fashioned according to this age but be transformed by the renewing of the mind, so that we may prove what the will of God is, that which is good and well pleasing and perfect (Rom. 12:1-2). Our mind is the leading part of our soul; **what is our mind occupied with? What are we thinking about?**

When we lay on our bed at night and are about to sleep, **what do we consider?** Is our mind renewed? What are our priorities, what do we think, what do we plan, what do we long for? If our mind is renewed by the word of God, we live not only in the outward human history but even more in the divine, inward history of God in man. **We need our mind renewed by the Lord's word, by the Spirit.**

We may be concerned about our future; we may be worried about our job and the future of our career, and we may be anxious concerning the job market, our marriage, our future...we need to be renewed in our mind and let the Lord have the preeminence! In the midst of our situations we have all experienced a certain amount of **consuming** and **wearing down tactics of the enemy**; the wearing out tactics of the enemy has affected all of us.

But may we be **strengthened** into the inner man and allow the word of God to dwell in us richly...And [if] we remain in the fellowship of the Body and cooperate with the Lord to be renewed in our mind, we will be those who **write the history of God!** 1 John 2:15-17 tells us not to love the world or the things in the world; the enemy is trying to wear down our love for the Lord and our consecration, and he puts the world before us to enjoy.

The world will rob us of our love for the Lord; all that is in the world – the lust of the flesh, the lust of the eyes, and the vainglory of life, these are not of the Father but of the world, and the world and its lust is passing away, but he who does the will of God abides forever. One day this world will be over with all its lust, and the only thing that is **valuable left is how much Christ we have gained**. If our living is in the church, we are living in the inward, divine history (1 Cor. 1:2).

Even though outwardly we see chaos, confusion, and rebellion in the human history, we know that God is doing something – He wants us to live a vital church life and be part of the **enlargement of the manifestation of Christ**. As the enlargement of the manifestation of Christ, the church is part of the divine history **within** the outward, human history (1 Cor. 3:15-16).

When we look at the outward situation in the world history, we see that **we are close to the end of this age**. We need to be **faithful** to the Lord, seeking after Him, treasuring this time we live in, and living with a vision of the Lord's recovery. May we treasure the vision of the recovery, treasure our responsibility, forget about everything else and simply stand for the Lord's recovery.

This is the ultimate time for God to accomplish His purpose to bring the Lord's back, and we need to cooperate with Him in prayer. May we all be burdened with God's ultimate move, and may we rise up and **stand for the Lord's recovery**. When we are one with God for His move, we will be blessed; this doesn't necessarily mean that we will not lack anything outwardly but rather, that we will see our living in a different way.

We will react to our living in a **different** way, and we will realize that behind the scenes God is always doing something to gain His manifestation. All He needs is our **faithfulness**; we all need to be **faithful**, seek after Him, and treasure this time that we live. May we forget about other things and realize that this is the time to cooperate with God for the fulfillment of His purpose.

"Thank You Lord Jesus for coming into us to bring us in the divine history; You are one with us and we are one with You, and Your history is our history! Wow, God's history has become our history because He is one spirit with us and we are in an organic union with Him. Amen, Lord, we choose to live in the divine history within the human history by being in the word of God to be renewed in our mind and transformed in our soul. We do not want to be fashioned according to this age but be transformed by the renewing of the mind! We choose to live in the church today so that we may be part of the enlargement of the manifestation of Christ, living in the intrinsic, inward, divine history within the human history!" (Excerpt Ministry of the Word, "A Timely Word concerning the World Situation and the Lord's Recovery", spoken message, Message three)

Prayer Burden

1) Grant us a clear view to see the **divine history within the human history** and to see the divine mystery of the Triune God in humanity. Arrange every environment on earth for the continuation of Your economy.

2) In these days, gain your enlargement. You are **no longer just with us but are also in us**. Include us in the divine history until You come with Your overcomers to defeat the outward human history.

3) Make us Your overcomers today, **the mighty ones who will return with You**. Gain Your enlarged manifestation. Thank You for including us in Your history. May we live not merely in the human history but more so in the divine history.

4) Lord we are here to **write God's present history**. Show us our need to be one with You in Your history and move. Day by day, we would be one with You in life, living, and doing.

5) **Unveil us more and more to see the heavenly vision**. Direct our steps, control our living, and bring us into Your consummation. Make our vision strong and unshakable.

6) Lord, **keep us faithful** to the end. We seek only You and we treasure the vision we have seen. Cause us to bear the responsibility of carrying out Your ultimate move today as part of Your recovery.

Remembering the Lord by Eating and Drinking Him

~~~~~ Bible Verses ~~~~~

Luke 22:19 says, "And He took a loaf and gave thanks, and He broke it and gave it to them saying, This is My body which is being given for you; do this in remembrance of Me."

~~~~~ Words of Ministry ~~~~~

As we have pointed out, this bread signifies the Lord's body to nourish us. When Christians attend holy communion today, they do not have the realization that they are taking the Lord Jesus into them as their nourishment. He told us to remember Him by eating the bread and drinking the cup. This is not just a remembrance, but also an enjoyment of the Lord. To partake of the Lord's table in this way is to eat and drink of Him. According to this verse, we are to eat in remembrance of the Lord. Thus, the genuine remembrance is not to review the story of the Lord's life, but to eat Him, to take Him in.

For the symbol of His body, the Lord did not use a grain of wheat, but a loaf. A loaf signifies that many grains have passed through a long process to become bread. Firstly, the seed is sown into the field. Then it grows and produces many grains. After the wheat is harvested, the grains are ground into fine flour that is blended into a lump and baked in an oven to make a loaf of bread. Only then do we have a loaf of bread to eat. As a grain of wheat (John 12:24), the Lord Jesus passed through such a process until He eventually became the bread on the table for us to eat. Every time we come to the Lord's table we should have this realization. We should be able to say, "Lord, today You are our bread because You have been processed for us. Now You are the bread on the table for us to eat."
