

## Safe Inside

- 1 Safe inside, warm and dry;  
While the rain began to pour  
Safe inside, warm and dry;  
God Himself closed up the door.  
**Bridge:** Heaven's windows opened wide;  
Noah's ark above it all did ride.
- 2 Safe inside, warm and dry;  
Forty days and nights it rained.  
Safe inside, warm and dry;  
Snug and sheltered and sustained.  
**Bridge:** God remembered, sent a wind;  
Flooding water slowly did rescind.
- 3 Safe inside, warm and dry;  
You and all of those with you.  
Bring out every living thing;  
Go and fill the earth anew.  
**Bridge:** seed time, harvest, cold and heat,  
Day and night time will not cease.
- 4 For as long as earth remains,  
Summer, winter, life will grow!  
Look in the clouds and see it's so;  
God's reminder is the rainbow!

## Never Again! Never Again!

Never again, never again!  
God won't flood the earth again!  
Just look at that bow, Remember it's so!  
God made a promise to -  
Whatever God says is true!  
God made a promise to you! (Yes, You!)

### Counterpoint:

Never, never flood the earth again!  
See the rainbow and God's promise know;  
Yes, God's promise know!

**1Peter 5:7b** ...it matters to Him concerning you.
